

SAEDA PARTNER ORGANIZATIONS

Networking has been a key factor in SAEDA's success and is one of our strengths. We believe that in order to maximize our impact, collaboration at local, district, provincial, national & regional levels is essential, and that development should be a collaborative & inclusive non partisan effort. As such, we collaborate with an established local & regional network of like-minded development partners, ensuring that our concentrated & coordinated efforts & combined strengths counterbalance our potential weaknesses, providing our target groups with the best results and optimal benefits.

Our development partners include the following, with partners we have collaborated with in the last 2 years marked with a *, and partners we are currently collaborating with marked with **:
